## STAYING IN TOUCH IS EASY, EVEN IN LOCKDOWN

We may not be able to see each other, or get together at our Walk-in centres around the country, but it has not stopped the **Transport Sector Retirement Fund (TSRF)** or its administrators, **Salt Employee Benefits (Salt)** and **Sanlam Employee Benefits (Sanlam)**, to stay in touch with our members, to deliver our best possible service, and to go the extra mile for you.

## WORKING REMOTELY IS PROVING SUCCESSFUL

Although we miss our face-to-face interactions and the opportunity to meet you, we have not skipped a beat in responding to your enquiries or paying out claims.

In fact, behind the scenes our administrators Salt and Sanlam are working around the clock to service your needs, and they are doing even better than expected under these difficult conditions.

During the last three weeks, Salt has been following up on numerous outstanding requirements in order to quickly finalise claims; and we are planning ahead for when the lockdown ends. As with most other industries, the TSRF is expecting a flurry of activity once our offices re-open.

Since working remotely, our Customer Centre team has been able to save on travel time to and from work. They then jointly decided to put this extra time to good use by helping you, our members, even more swiftly and efficiently. Thanks to this unique scenario and the commitment of our team, **a record number of claims have been paid in just one week!**

**The Fund and its service providers continue to operate at a 100%.**

Unfortunately, it seems criminals are trying to cash in on unsuspecting victims during the national lockdown. We have been alerted to various dubious attempts by criminals to commit fraud.

Remember, we **will never ask you for your personal banking details** (e.g. your card number or CVV). Anyone who asks you for this information is taking a chance. **Do not provide any personal banking information** to anyone who claims to be from the Fund and approaches you for your personal details via sms, email or telephone.

 **Immediately report any suspicious or fraudulent activity to the Fraud Line.**
